

AcuHealth LLC

ACUPUNCTURE FEES AND TIMES

\$135. – 150. DIAGNOSTIC SESSION. This is your initial appointment during which we carry out a comprehensive review and discussion of your health concerns including a complete medical and family history. A physical exam assessing your energy imbalances is conducted as well. During this session we make clear the origins of disharmony, and from this session I develop a treatment plan which provides the basis of future treatment. 1 ½ to 2 hours.

\$85. ACUPUNCTURE TREATMENT. These include an initial discussion of symptom changes from previous treatment, as well as ongoing assessment. Then treatment with acupuncture needling and moxa (application of heated herb), as indicated, is done. This treatment may also include hands on energy re-balancing. 45 min. to 1 hour.

A course of treatment may vary depending on the depth of disharmony within that person, the length of time it has been present, and the willingness of the patient to heal. Treatment addresses both the symptoms present and the underlying imbalance that has caused the symptoms to appear. It may become evident at any time that acupuncture, or acupuncture from this practitioner may not be the modality for you, at which time I will gladly assist you in finding the appropriate provider.

If you have difficulty meeting these costs, please call me to discuss your situation. My intention is that you heal, and I will make every effort to work out an equitable payment plan for this to happen.

Unless otherwise discussed, payment is made at time of treatment.

If you are unable to keep a scheduled appointment, please notify me at least 24 hours in advance. Otherwise you will be responsible for payment of that treatment.
